RE: Request for Enlargement of Time to Respond to Substantiation Request
CFAC CERCLA Section 104(e) Productions
Columbia Falls Aluminum Reduction Plant Company Site, Flathead County, MT
SSID #A8-82

Dear Mr. Wilder:

I am following up on my July 29, 2015 request for a further enlargement of time in which Columbia Falls Aluminum Company ("CFAC"), is to provide further substantiation that documents it produced in response to the Environmental Protection Agency's ("EPA") CERCLA Section 104(e) information request contain confidential business information ("CBI").

As you know CFAC removed from CBI categorization a considerable number of documents as expressed in my May 12, 2015 letter, and on May 29, 2015 provided additional documents. Recently, I became aware that employee social security numbers and medical information has been found among documents submitted to EPA and this has unexpectedly slowed re-review. Because of this and the large volume, CFAC requests a further enlargement of time to facilitate a thorough review of the remaining documents.

CFAC intends to either substantiate or release documents on a rolling basis but expects that its response to the April 17, 2015 request cannot be completed before November 25, 2015. Therefore CFAC requests up to and including that date to respond.

Please contact me if you have questions.

Sincerely,

BROWNING, KALECZYC, BERRY & HOVEN, P.C.
